

Alberto Ramos Sánchez

Computer Engineer

Computer scientist with around three years of experience in robotics and data science. Proactive and autonomous approach, with skills to optimize processes and solve problems. Committed to clean software development, continuous training, and teamwork in real-world impact projects.

Technologies

Languages	Web Development
• Python • C++ • Java • Matlab	• PHP • HTML/CSS • Laravel • React
Visualization	Operating Systems
• PowerBI • Dash	• Docker • Linux • Android
Databases	Robotics
• Snowflake • Oracle • MySQL	• NVIDIA Jetson • Waspnote • Arduino • ROS1
Artificial Intelligence	Docs
• Spacy • Pytorch	• LaTeX • Git

Experience

Data Analyst

EmoturLAB | On-site | Las Palmas de G.C. | Sept 2025 – Present

- Spain Living Lab Project: Application of artificial intelligence, metaverse and neurotechnology for the transformation of tourist behavior and operational improvement in the tourism sector. Analysis and visualization of tourist data in the Canary Islands through the development of dashboards and reports to support decision-making processes.
- **Technologies:** Python, PowerBI, Snowflake

Data Scientist

Fundación Universitaria de L.P. | Hybrid | LPGC | Dec 2023 – Dec 2024

- SMART GIP Investigo Program: Application of Artificial Intelligence to the comprehensive management of Projects.
- Optimization of key processes through the development of a payroll and electronic invoicing management platform using NLP techniques.
- **Technologies:** Python, Spacy, PHP, HTML/CSS

Computer Engineer

Subsea Mechatronics | On-site | LPGC | Jan 2022 – Jul 2023

- Investigo Program "IngenIoT"
- Software integration of sensors for underwater environment perception. Improvement of underwater environment perception through 3D reconstruction and analysis of data captured in campaigns.
- **Technologies:** Python, C++, ROS 1, Docker, NVIDIA Jetson

Computer Engineer (Curricular Internship)

IUCTC ULPGC | Hybrid | LPGC

- Support in the design and development of activities for the Ciberlandia Project in Science Week.
- **Technologies:** Python, Inkscape

Education

PhD in Business, Internet and ICT ULPGC | Las Palmas de G.C.

Oct 2022 – Present

Master's Degree in Intelligent Systems and Numerical Applications to Engineering ULPGC | LPGC

Oct 2020 – Sep 2022

Bachelor's Degree in Computer Engineering ULPGC | LPGC

Jun 2016 – Jul 2020
